primary siding:	Stucco	siding comments:	
secondary siding:	Half Timbering		
plan type:		architect:	DeYoung & Roald, Otten
		builder:	Salzman, Otto
comments/notes:			
<p>EC garage. No modifications observed, but the following has been approved by the City after historic resource review: Relocate and separate two existing paired windows on the second floor toward the rear of the house. The stucco exterior will be patched, textured, and painted to match the existing condition. Remove two existing windows on the first floor, toward the rear of the house, and store them on the site for future use. An existing interior door and existing interior window, located within a service porch wall at the rear of the house, will be relocated to this exterior wall. The stucco exterior will be patched, textured, and painted to match the existing condition. Remove the existing service chimney (not currently in use). The roof material will be replaced with materials that match the existing roof condition. The house exhibits lead multi-light windows, terra cotta chimney caps, jetty with corbels, scrolled bargeboards.</p>
