HISTORIC RESOURCE SURVEY SHEET-TWO

Describe geographic location & immediate setting Corner lot at West Ninth and Union streets.
Lot is approximately 100 X 100 with an alley on the south side. The house and its quality
are difficult to see because of overgrown trees and shrubs. A good residential area of
mixed older and new homes.

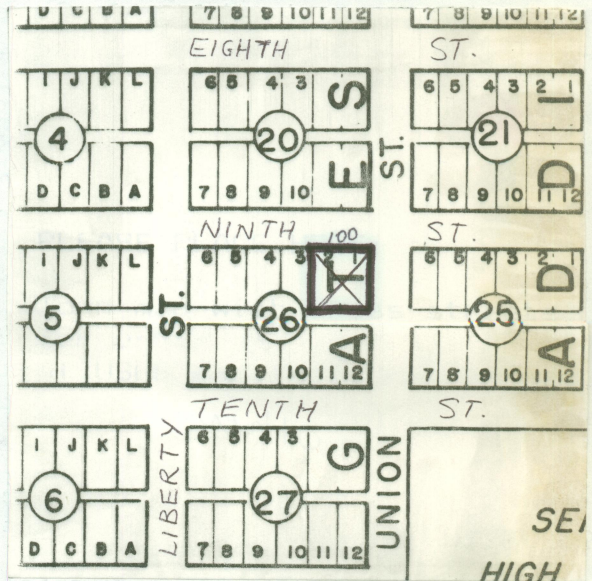

Statement of Significance (Historical and/or architectural importance, dates, events, persons, contexts): A primary example of this style in a medium size house. Very
restorable and rehabilitatable for residential use. The patterned shingle roof of the
turret is especially nice and unusual that it has been maintained.

Hugh Glenn had a paint and wallpaper store on Second or Third and Washington Sts.
